

10/18/69 10 pm. Just finished phone conversation with Eugene Bradley, who wants to come down and see me. He says I am the only one to treat him fairly, and everything he has heard of me and my writing is that I am and try to be fair. He is to be with McI until next week, when he has to go to Tulsa to take depositions.

I told him my schedule permits only tomorrow or after Friday noon this week, okay next week. He says he may try and take the train to NYC with me Tuesday just to meet me.

Told him what time I'll be on, etc., and how to get here by car. He wanted to meet me in NYC but I told him I'd be too busy.

Rather interesting.
